

MECHANICAL & ELECTRICAL

Case study

Various Travelodge Hotels

Southern & Redfern Ltd have undertaken various contracts for the refurbishment or new build of various Travelodge Hotels throughout the country. This involves installation of new services to all bedrooms, management areas, restaurant areas and common areas.

Mechanical and Electrical services provided are: -

- Dedicated bathroom extract, supply and extract to entrance areas, management and back of house areas.
- Hot & Cold water supplies to all bathrooms, and management areas.
- Comfort cooling to reception areas, restaurant areas, and management back of house areas.
- Automatic controls serving the mechanical plant.
- Lighting, power, data, TV, and electric heating to all bedrooms.
- Lighting, power, data, and electric heating to all management areas.
