

SECURITY

Case study

Walkers Crisps

Southern & Redfern Ltd have undertaken various contracts for the refurbishment or new build of various Walkers Snack Food sites throughout the country. This involves installation of new CCTV services to all commercial, industrial, and public sector areas.

These services being: -

- High speed colour/mono vandal dome cameras.
- Pedestrian gates/turnstiles.
- Traffic control barriers.
- Access control to all entry points linked to a time management system.
- Electric fences complete with infra-red beams and PIR infra-red detection.
- PC based digital recording system connected to a central station controls area.
